

Welcome to Week 26 here at Baldwin Hills! We are transitioning from trimester two to trimester three, to conclude the year with state/nation units using culturally responsive texts and physical science explorations. STEAM Enrichment with critical thinking through chess, yoga, & engineering continue so help ensure your child is there!

Families, it's Conference Week to discuss progress reports for transition two!

1. First and foremost, please make sure you have a conference time. Should you not as of yet, reach out to your child's teacher directly OR call the main office, 323-937-7223 so we can support that process.
2. As this is the final formal conference block for the academic year, ***please be encouraged to check with your child's teacher to see where your child's reading level is to help ensure there's a path towards your child reading at/beyond/near end of year grade level expectations by June.*** We have a reading level chart on our website that shows levels across the grades so you can monitor & support your child as well!
3. Beyond Conferences taking place this week, it's Annual Pilot Review time where we ask for feedback from our school community on how we are doing as a Pilot School, to help ensure we are in alignment with and stay true to what's in our Pilot School plan.

To that end, we need your voice! Please go to:
<https://tinyurl.com/BHEP2021PilotRevFamSurvey>
<https://tinyurl.com/BHEP2021PilotRevFamSurveySP> (Spanish)
to complete the survey & then sign off on having done so, at your child's conference this week.

4. As we're in the space of looking to return to school, being COVID tested is integral. Check our website or go to www.dailypass.lausd.net to make your appt. and as vaccines become available you may consider taking a look at <http://betweenusaboutus.org/> for info presented by and made specifically for Black and Brown communities.
